I-10 Clearview to Causeway

Jefferson Parish, LA

Owner: Louisiana Department of Transportation and Development / James Construction Group, LLC (formerly Angelo lafrate)

Contract Number: 450-15-0098

Approximate Contract Value: \$3,200,000

Completion Date: April 2003

Point of Contact: Rodney James-James Construction Group

Cycle Construction was a subcontractor to James Construction Group, LLC (formerly Angelo lafrate) for this project. This project was performed adjacent to one of the I-10 interstate system's busiest areas, thus presenting numerous challenges while conducting operations. Cycle was able to overcome these challenges and complete this job successfully.

This contract included:

- Installation of 3500 lf of 15"-48" RCPA
- Installation of 4400 lf of 72" RCPA approximately 15 to 20 feet deep
- Installation of numerous pre-cast and poured in place concrete and brick drainage structures
- Installation of slide rail shoring systems and steel cofferdams to facilitate deep excavations
- Tie ins to existing drainage canals
- Dewatering operations in sand conditions
